LREC goes East in order to strengthen interaction and synergy with the Asian NLP community and to help promoting Asian Language Resources and Language Technologies.

Venue: Phoenix Seagaia Resort Miyazaki, Japan
The Event

LREC 2018 is the eleventh edition of the Language Resources and Evaluation Conference, biennially organised by ELRA since 1998 with the support of institutions and organisations involved in Human Language Technologies (HLT).

Over the years, LREC has become the major international conference in the field of Language Resources and Evaluation. For the past editions, the event has gathered 1200+ participants from both academic institutions and industrial companies all over the world. We expect similar participation for LREC 2018. Going to Japan in 2018, special focus will be put on Asian Language Resources, International Contribution to Olympics 2020 and Language Resources in the online World. LREC 2018 will also feature an industrial track.

The Content

The aim of LREC is to provide an overview of the state-of-the-art, explore new R&D directions and emerging trends, exchange information regarding Language Resources and their applications, evaluation methodologies and tools, ongoing and planned activities, industrial uses and needs, requirements coming from the e-society, both with respect to policy issues and to technological and organisational ones.

The conference covers a full week, from Monday to Saturday, and LREC 2018 programme will be organised around parallel oral and poster sessions during the main conference, and 2 days before and 1 day after the conference will be dedicated to specialised workshops and tutorials.

The Venue

For this 11th edition, the LREC Committee has chosen Japan. Miyazaki is located on the Southeast Coast of the Kyushu Island, famous for its warm climate. The conference venue is the Phoenix Seagaia Resort.
Why Sponsor LREC?

Previous LREC editions have attracted outstanding attendance. LREC 2016 attracted 1200+ participants including:
- International policy makers (from funding agencies and technology transfer bodies but not only), from EU, USA, India, South Africa, etc.
- Renowned scientists,
- Executives from key HLT players,
- R&D teams from both private companies and public universities.
LREC has a very large international coverage, with participation of 78 countries and the corresponding languages.

Since 2008, the conference’s visibility has been dramatically increased by the support received from the highest authorities, whether local or international: the patronage of King of Morocco (2008), the President of Malta in addition to the support of the European Council’s President (2010), the European Commission Vice-President and the Turkish Minister of Science, Industry and Technology (2012), UNESCO and Support from the former President of Iceland, Madame Vigdis Finnbogadóttir (2014) and the President of the Republic of Slovenia, Mr. Borut Pahor, (2016).
The HLT Village, set up in the heart of the Conference Centre in Malta in 2010, Istanbul in 2012, Reykjavik in 2014 and in Portorož in 2016, and intended for HLT innovative projects to promote their activities, has given the LREC participants a central place to meet and network.

As a sponsor, LREC provides you with a unique opportunity to:
- Increase your visibility within the HLT field,
- Establish relationships with potential clients,
- Network with HLT professionals,
- Advertise and demonstrate services or products,
- Network with other sponsors and stay up to date with industry trends,
- Get in contact with a large number of undergraduate and graduate students, with background both in Speech and Natural Language Processing.
